2. a list of Non-NPL sites that your Federal Facility group works on:

We stopped working in non-NPL FF sites due to lack of resources. We have two non-NPL sites that we keep tabs of:

1. Treasure Island, a local high profile site that we had been funded under BRAC to work on and we are occasionally asked to respond to specific issues (radiation, listing).

2. Tustin: we had been funded for years to work on in and we have stopped but anticipate a one-time OPS request that we will need to evaluate later this year.

Please let me know if you need additional information. Thanks.

Happy Holidays!

Angeles
